

Vacancy

Estimating Engineer

RB RAIL AS office in Vilnius (Lithuania)

Rail Baltica is a once-in-a-lifetime infrastructure megaproject – if you're looking for meaningful work in an international setting, look no further. This is where you can make an impact to be proud of.

You will lend a hand in integrating the Baltic States into the European rail network and building a new economic corridor to bring long-term benefits to the Baltic region and its people. You will work with a cross-border team of more than 200 brightest minds in the industry.

We are looking for a new enthusiastic colleague to join our growing team in a position of **Estimating Engineer**.

Job summary

Estimating Engineer will be responsible for all elements of Cost Estimating for assigned projects within the Rail Baltica Global Project. The candidate will be a self-starter with a high level of energy and motivation and have proficiency in the use of cost estimating techniques, databases, spreadsheets, word processing and Cost Estimating software, and have an aptitude to become familiar with RBR cost control / reporting tools. Working knowledge of the cost estimating work processes for Engineering and Construction work on infrastructure projects is essential as are skills related to identifying, analysing, and solving problems.

What's in it for you

A job with purpose and impact

Exceptional international project experience

Innovation-driven work

Professional and self-development

Flexible work arrangement

Benefits and Bonus programme

Supportive network of professional colleagues

Salary from 4200 EUR (before taxes)

We will entrust you to

- Assemble estimate data to develop project total budget CAPEX in accordance with project standards and procedures at Value Engineering, Master Design and Detailed Design stages;
- Able to review detailed “bottom-up” cost estimate for scope completeness and validation of the unit rates used;
- Develop and provide appropriate detail cost estimate presentations to enable effective management of the specific project for presentation to Senior Management.

To succeed, you should have

- A minimum of a Bachelor of Science diploma in Quantity Surveying, Construction or equivalent;
- More than 3 years working with cost estimating processes for the infrastructure industry;
- A beginning level of understanding of Project Controls general technical skills;
- Resilient to coping with conflicting demands, able to prioritise duties and work under pressure.

Application process

If you are willing to be a part of the challenging and unique project, and your experience and personality match the position’s requirements, please, send your CV and motivation letter in English with the subject “ESTIMATING ENGINEER” to RB Rail AS recruitment partners SIA ASTRAL Executive Search: railbaltica@astralexecutive.com by the deadline date.

RB Rail AS as a controller and SIA ASTRAL Executive Search as its respective partner ensures that data processing within recruitment process (for recruitment and hiring related purposes) is carried out in accordance with regulations on the protection of personal data processing.
