

Vacancy

## GIS Specialist

RB Rail AS office in Riga, Latvia

Rail Baltica is a once-in-a-lifetime infrastructure megaproject – if you're looking for meaningful job in an international setting, look no further. This is where you can make an impact to be proud of.

You will lend a hand in integrating the Baltic States into the European rail network and building a new economic corridor to bring long-term benefits to the Baltic region and its people. You will work with a cross-border team of more than 200 brightest minds in the industry.

We are looking for a new enthusiastic colleague to join our growing team in a position of **GIS Specialist**.

## Job summary

RB RAIL AS is seeking a GIS Specialist to maintain and develop Rail Baltica's geographic information system (GIS) infrastructure and provide GIS-related services to project participants, thereby contributing to the successful and efficient implementation of the global project.

## What's in it for you

A job with purpose and impact

Exceptional international project experience

Innovation-driven work

Professional and self-development

Flexible work arrangement

Benefits and Bonus programme

Supportive network of professional colleagues

Salary 2800 EUR (before taxes)

## We will entrust you to

- Create, maintain and update GIS databases:
  - Transfer/convert data from CAD formats to standard GIS formats;
  - Transfer/convert data from MS Office Applications to standard GIS and CAD formats;
  - Integrate data services provided by other organizations (REST and other types of services);
  - Work closely with other RB Rail AS Teams, IB's, contractors and other project partners to ensure GIS data relevance and availability;
  - Assist on managing the implementation of GIS software platform ensuring its integration with Building Information Management (BIM), Asset Information Management (AIM) and other databases.
- Creates, maintains various GIS applications:
  - Create and maintain a variety of ArcGIS web applications such as maps, story maps, instant apps, dashboards, sites etc.
  - Provide end-user support and consultations at the level of expertise to the users of RBR ArcGIS Enterprise.

## To succeed, you should have

- Bachelors' degree or equivalent in GIS technology, Geomatics, Environmental science, Civil Engineering or other discipline related to GIS;
- 3 years' experience of GIS system (ESRI) implementation;
- Sufficient experience using ArcGIS Pro, ArcGIS Enterprise/ArcGIS Online;
- Experience using ESRI Web Applications e.g. WebAppBuilder, Experience builder, Dashboards, Instant apps, Scenes would be considered an advantage;
- Experience using Esri Field Applications e.g. Field Maps, Survey123, QuickCapture would be considered an advantage;
- Good command of technical English.

## Application process

If you are willing to be a part of the challenging and unique project, and your experience and personality match the position's requirements, please, send your CV and motivation letter in English with the subject "GIS SPECIALIST" to RB Rail AS recruitment partners SIA ASTRAL Executive Search: [railbaltica@astralexecutive.com](mailto:railbaltica@astralexecutive.com) by the deadline date.

RB Rail AS as a controller and SIA ASTRAL Executive Search as its respective partner ensures that data processing within recruitment process (for recruitment and hiring related purposes) is carried out in accordance with regulations on the protection of personal data processing.
